From Principal's Desk
"There is no substitute for hard work"

Dear Readers,
Greeting to all from Nizam College Family

It gives me great pleasure to congratulate the Department of Commerce on their new initiative "Commerce Chronicle" and wish them a huge success in advance. I am sure the newsletter will be always be an expression on dreams, hopes, imaginations, viewpoints, opinions that have found its place in the young eyes and which will soon be a reality. The Department of Commerce has always been striving hard to shape the personality of its students through academic and co-curricular activities and also instilling moral ethics in them.

I feel proud and privileged being the Principal of such a magnificent institution "Nizam College" fully dedicated for the overall development of the students. Nizam college has always been the epicenter of knowledge and produced many politicians, reformers, thinkers, cricketers, actors and severely successful alumni. We thrive upon producing the best of the best talents in all walks of life.

I finally congratulate all the contributors, editorial board for bringing out such an innovative and extravagant newsletter.

Thank You

Principal
Nizam College

Message from the Head of the Department

Dear Friends, Colleagues, Alumni and my students,

It is a matter of great pride and pleasure that we have come with our first in-house student newsletter titled "Commerce Chronicle". I believe the newsletter will give a complete bird eye view of my department to all its readers. This newsletter brings you greetings and exciting news from our department to your home; from many accomplishments, programmes, student activities to student contribution. The newsletter promises to keep all your readers engaged throughout and keep you all updates about our department. The Department of Commerce has always been the epitome of creativity and great initiatives always. We continue to work on those standards and keep upgrading our work.

As the Head of the Department, I am pleased to inform you that this is just the beginning of the journey that will continue gallivanting with time ...!!!

I thank all the contributors, the editorial board and all the readers of this newsletter. Please stay tuned as we are coming up with further exciting editions in our upcoming issues.

Whatever we accomplish is a team effort and I take this opportunity to thank my entire Commerce Family. Kudos to us..!!!

Happy Reading...!!!!!!

STUDENT WORK- POEMS, SLOGANS, SKETCHES

No, it's not the new year's eve, Yet another year's about to leave From the time that was left in my hand. What's different about this birthday? Is it any different from the very first day Of the year that has just passed by? Did I keep my resolutions, am I Any better of a person than I Was the year before? No, I'm still me. The desire in my mind is vivid. I wish I was blithe like a kid. But that's not what age brings to me. It brings new faces of reality, yet New phases of life and I'm met With questions unanswered. Is it just another day in my life? What is it that I'm gonna strive For? I awaken from my thoughts. What's different about this birthday? Is it different from any other day? What's special about turning nineteen? -

॥ वही दिन जरूर आयेगा ॥

वह दिन जरूर आयेगा कि जिस दिन योगा सब का औषध बनता है
 वह रास्ता जरूर बनेगा कि उसके बजे से योगा के नाव में आप स्वर्ग तक पहुंच सकते हैं।
 वह सूर्योदय को मैं देख सकता हूँ कि उस रोशनी में मानुष ज्ञान से दीप की तरह चमकते

Nizam Compass an Android Application

Nizam Compass is an Android Application developed using Android Studio (Arctic Fox version) It intends to guid students of nizam college to identify the rooms they want to visit to in the campus. The main idea behind the app came from a simple question of how to find a room in the campus during exam days, usually students commute through public transports and they might be little late to the college during exams and then finding their rooms bu themselves within a short time would be a eyebrow sweating task, so to cut short the time being wasted by the students to locate their rooms.

Student Bulletin

It was a great experience in Nizam College, here study is just a part of curriculum and students are given a conventional freedom to explore and pursue their passion and goals.

Success is not a short period journey and the time I spent in this college was a small part of my journey, but this short period was beautiful as a whole.

You are here provided with time which is most valuable asset to any person and also with resources the usability of which can be marked by how the user utilizes them, Faculties here undoubtedly are very cooperative make use of them efficiently!. You will definitely meet interesting people here, make beautiful and adorable memories, to be honest they are the most valuable things you earn here after knowledge.

-Ketan

My three years at Nizam College were absolutely amazing. The campus is well-maintained, which made my days on campus a lot more enjoyable. The teachers here are best in their fields and are super approachable and always ready to help with anything you might need. The college also offers extensive extra-curricular activities that helped me develop skills that are essential for life.

▪ Varimalla Supriya

Life at Nizam College was vibrant, energetic and thrilling. I had beautiful experience and memories which were unforgettable..

I don't have any secrets for success during college life. But being a Science student with Telugu medium Background, I faced lot many struggles but with my patience, perseverance and hardwork along with the support from my friends & faculty members I could tackle them. I can only say "Know your goals, Maintain a social balance and Fight with Fear" are the major things.

The faculty we have here are best and they are very helpful to us in every aspect and are available for students almost all the time. NIZAM COLLEGE also provides opportunities for placement and internships in various fields. There are ample number of co-curricular activities which boost your skills.

And finally Nizam College is the best place to pursue your Higher education, and I ensure you that you will definitely take some value additions to your personality from this college.

"All The Best"

~ Katravath Hari Prasad

It has been a great experience and a beautiful time studying at nizam college. It is one of the best colleges with better students. Faculty is probably the best aspect of the college. They are well-qualified and extremely knowledgeable

The college has a decent infrastructure with all the necessary facilities required by students. The campus is so huge with a great ambiance. It is a good place to study. It is also a unique and unforgettable time, with memories that will last for a lifetime.

ALUMNI COLUMN

A GIRL WITH GOALS

ANJANI.T, an alumna of NIZAM College, Hyderabad. I always feel privileged to be called as “NIZAMIAN” as it hold a rich history. Coming from defense background and central school it was way too hard for me to get adapted to new space. But within no time I made friends and got connected with faculty as they were very friendly which made my college life much memorable. Turing back to the past I still feel joining Nizam College was the best decision which I have made. Best part here is students from different countries and culture unite as one. Faculty is highly experienced, and most of them are honoured with a doctorate. We were encouraged to be a part of extra- curricular activities, sports & NSS which helped me to be a better human today.

Currently she is working as Marketing & Creative Department Head with a Retail Jewelry Brand “**Kalasha Fine Jewels**”, A Unit of Caps Gold Private Limited which is a bullion company holding the legacy of 120+ years in south India.

Apart from my profession I would love to share about my passion. I am a Passionate Runner, Cyclist and Mountaineer, that’s part of my identity

I am a Core member of cycling/Running communities of Hyderabad -Happy Hyderabad / Relief Riders Hyderabad & Greater Hyderabad Active Mobility. I actively take part in promoting cycling as it’s most efficient and sustainable means of transportation –especially among women & kids.

In recent times I have successfully completed EVEREST BASE CAMP TREK (5364m) - The Bottom of the Top of the World during this winter (Dec 21- Jan 22) to experience the real adventure, which had been challenging but very rewarding

Always Thankful to my favorite faculty & loving friends who helped me be what I am today.
