RESEARCH POLICY

The Objectives of Research policy's are:

- To encourage faculty and students for outstanding performance in research, funding, publications and Patents.
- To create suitable environment for carrying out research by faculty, students and guests.
- To provide /facilitate infrastructure for carrying out research like basic needs and advanced instrumentation.
- To encourage research by FIP, Organizing and participation in workshops, conferences and seminars.
- To make faculty and departments self-reliance in research by facilitating, applying and getting funds from various funding agencies like DST-SERB, DBT, UGC, DAE, CSIR, RUSA, DRDO etc.
- To support faculty and departments for easy operations of various funded projects.
- To carry financial audit and provide Utilization certificate to funding agencies.
- To practice good ethics in research and publications and have a eye on second level data checking.
- To initiate and promote MoU with industries and R&D organizations for consultancy, collaborative research, sponsored projects, industry institute interactions etc.
- To encourage and motivate the students for presenting papers in National and International conferences and projects in competitions at university level.
- To encourage research by processing and providing seed money.
- inculcate research and innovation environment among students and faculty. Tapping of innovation ideas from students & faculties and possible translation into products/processes.
- To celebrate idea festivals and subsequent motivation of students & to take research as colleges.
- To facilitate filling of patents to innovations.
- To promote possible commercialization of developed technologies.
- To set up the Incubation Centers to motivate innovations and startups

NIZAM COLLEGE
Autonomous
Re-accredited by NAAC with B++
A Constituent College of Osmania University

The research committee of the college is entrusted with the responsibility of taking care of the research infrastructure in the college. The committee also considers the opinion of the Research Experts and the Scholars.

1. Availability of separate place for Centre for Research
2. UGC Inflibnet and photocopying facility in the Library.
3. Computers, Printers and Internet connectivity in the Centre.
4. Exclusive space in the library for the use of research scholars.
5. Besides, Research experts are invited every year to interact with the students and M.Phil, Ph.D scholars to make a better understanding of the trends in research.
6. Center for Environmental studies :
7. Under CPE grants, centre for environmental studies was established in the Department of Botany, Nizam College. Environmental research related equipment was purchased for conducting student projects. International and national importance days were observed to enlighten the students about the clean and green environmental practices. Students also participated with great enthusiasm for the conduction of green audit and developed a report which was submitted to IQAC.
8. Departmental Research Laboratories:

Every science department has a well equipped research laboratory like Applied Palynology Research Laboratory, Tissue culture laboratory, Microbiology research laboratory, environmental biology and toxicology laboratory etc. to satisfy the needs of Ph.D. Research scholars. Many scholars were awarded Ph.D. and many more scholars are pursuing their Ph.D from these laboratories.
