

Nizam College (Autonomous)
Faculty of Social Sciences
B.A., I Year, I-Semester Examinations, December-2023
Subject: Psychology
Paper : I (Basic Psychological Processes)

Time: 3 Hrs

Max. Marks: 80

Section – A

I. *Answer any SIX of the following questions.*

[6 x 5 = 30]

1. Functionalism and Behaviorism.
2. Observation and Interview methods.
3. Types of attention and Span of attention.
4. Depth perception.
5. Definition of forgetting and decay theory.
6. Inductive reasoning.
7. Concept of learning and learning curve.
8. Variations in intellectual ability.
9. Definition of motivation and unconscious motivation.
10. Adaptive and disruptive emotions.

Section – B

II. *Answer the following questions.*

[5 x 10 = 50]

11. (a) State the goals of psychology and brief about the contemporary approaches in psychology.
[OR]
(b) Explain the central nervous system and autonomic nervous system.
12. (a) Describe the characteristics, types and measurement of sensation.
[OR]
(b) What are principles of perceptual organization and explain the perceptual distortions.
13. (a) Write about nature of thinking and distinguish between Bruner and Sullivan's theories.
[OR]
(b) Describe the characteristics of creative persons and enumerate the stages of creative thinking.
14. (a) Explain the theories of classical and insightful learning in detail.
[OR]
(b) Discuss the Stenberg and Gardener theories of intelligence.
15. (a) Explain functions of motives and Maslow's theory of motivation.
[OR]
(b) Define emotion. Briefly explain about development of emotions and cannon-bard's theory of emotion.

Nizam College (Autonomous)
Faculty Of Social Sciences
B.A., I Year, I-Semester Examinations, May-2023
Subject: Psychology
Paper : I (General Psychology)

Time: 3 Hrs

Max. Marks: 80

Section – A

I. Answer any *SIX* of the following questions.

[6 × 5 = 30]

1. Case study method.
2. Division of Attention.
3. Heuristics.
4. Concept of IQ.
5. Disruptive Nature of Emotions.
6. Clinical Psychology.
7. Types of Sensations.
8. Deductive Reasoning.
9. Sign Learning.
10. Affiliation Motive.

Section – B

II. Answer the following questions using internal choice.

[5 × 10 = 50]

11. (a) Discuss about Psychoanalytic and Behaviouristic schools of psychology.

[OR]

(b) What are the major endocrine glands? Explain their functions.

12. (a) Define sensation. Write about characteristics of sensations and types of sensations.

[OR]

(b) What is perceptual constancy? Discuss in detail about depth perception.

13. (a) Discuss the various Problem Solving Strategies.

[OR]

(b) What is forgetting? Write about theories of forgetting.

14. (a) Write in detail about Instrumental Conditioning theory of learning.

[OR]

(b) Define Intelligence and write about measurement of Intelligence.

15. (a) Define motivation. Discuss about Maslow's theory of Motivation.

[OR]

(b) Explain about James-Lange theory and Cannon-Bard Theory of emotions.

Nizam College (Autonomous)
Faculty Of Social Sciences
B.A., I Year, I-Semester Examinations, Jan-2023
Subject: Psychology
Paper : I (General Psychology)

Time: 3 Hrs

Max. Marks: 80

Section – A

I. Answer any *SIX* of the following questions.

[6 × 5 = 30]

1. Goals of Psychology.
2. Absolute Threshold.
3. Obstacles to Reasoning.
4. Transfer of learning.
5. Unconscious Motivation.
6. Gestalt School.
7. Voluntary Attention.
8. Characteristics of creative people.
9. Gifted children.
10. Nature of Emotions.

Section – B

I. Answer the following questions using internal choice.

[5 × 10 = 50]

11. (a) Discuss the contemporary approaches to psychology.
[OR]
(b) Explain about nervous system and its organization.
12. (a) Define Perception and discuss about principles of perceptual organization.
[OR]
(b) What is attention? Explain the different aspects of attention.
13. (a) Define memory and discuss about information processing model of memory.
[OR]
(b) What is problem solving? Describe the impediments to problem solving.
14. (a) Write in detail about Classical conditioning theory of learning.
[OR]
(b) Discuss Thorndike and Spearman's theory of intelligence.
15. (a) Define Motivation. Explain about types of motivation with examples.
[OR]
(b) Discuss about development of emotions and explain about physiological basis of emotions.

Nizam College (Autonomous)
Faculty Of Social Sciences
B.A., I Year, II-Semester Examinations, May-2023
Subject: Psychology
Paper-II (Personality Theories and Assessment)

Time: 3 Hrs

Max. Marks: 80

Section – A

I. Answer any SIX of the following questions.

[6 × 5 = 30]

1. Personality & Traumatic Experiences.
2. Characteristics of Personality.
3. Ideal Self vs Real Self.
4. Unconditional Positive Regard.
5. Cattell's Theory.
6. Galton's Theory.
7. Rating Scales.
8. Interviews.
9. Concept of Psychological Testing.
10. Speed and Dexterity Tests.

Section – B

II. Answer the following questions using internal choice.

[5 × 10 = 50]

11. (a) Discuss the influence of social and cultural factors on personality.
[OR]
(b) Explain the role of biological and psychological factors on personality.
12. (a) Explain about Psychoanalytic theory of personality.
[OR]
(b) Discuss in detail about stages of Erikson's psychosocial theory.
13. (a) Who proposed social learning theory? Explain the various concepts of this theory.
[OR]
(b) What is Trait-cum Type approach? Write about Eysenck's theory.
14. (a) Discuss the role of projective techniques in personality assessment. Write about Thematic Apperception Test.
[OR]
(b) What is Personality Assessment? Discuss about Personality Inventories, Questionnaires and interviews.
15. (a) Write a brief introduction to tests of intelligence and personality with examples.
[OR]
(b) Discuss the characteristics of a good psychological test.

Nizam College (Autonomous)
Faculty Of Social Sciences
B.A., II Year, III-Semester Examinations, May-2023
Subject: Psychology
Paper : III (Social Psychology)

Time: 3 Hrs

Max. Marks: 80

Section – A

I. *Answer any SIX of the following questions.*

[6 × 5 = 30]

1. Fundamental attribution error.
2. Correlational method.
3. Techniques of reducing prejudice.
4. Difference between pro social behavior & altruism.
5. Type A & Type B personality.
6. Group polarisation.
7. Autocratic leadership.
8. Media violence.
9. Culture transition.
10. Moral Hypocrisy.

Section – B

I. *Answer the following questions using internal choice.*

[5 × 10 = 50]

11. (a) Explain the scope & methods of Social Psychology.
[OR]
(b) What is impression formation & impression management?
12. (a) Critically analyze operant and classical conditioning in formation of attitudes.
[OR]
(b) Explain Thurstone's equal appearing intervals.
13. (a) Analyze the origin and concept of prejudice.
[OR]
(b) What is the nature and concept of aggression?
14. (a) Define the factors influencing prosocial behavior.
[OR]
(b) Write in detail the concept of group dynamics.
15. (a) Explain the major cultural variables in Indian Context.
[OR]
(b) What are the psycho social effects of migration?

Nizam College (Autonomous)
Faculty Of Social Sciences
B.A., II Year, III-Semester Examinations, Jan-2023
Subject: Psychology
Paper : Applications Of Psychology In Professional Settings (SEC-2)

Time: 2 Hrs

Max. Marks: 40

Section – A

I. *Answer any FOUR of the following questions.*

[4 × 4 = 16]

1. Nature of Psychology.
2. Physiological Psychology.
3. Clinical Psychology.
4. Social Psychology.
5. Educational Psychology.
6. Psychology in Private organizations.
7. Forensic Psychology.
8. Psychology in Research Institutes.

Section – B

II. *Answer the following questions using internal choice.*

[3 × 8 = 24]

9. (a) Define Psychology and explain the scope of psychology with examples.

[OR]

(b) Explain any two pure branches of Psychology.

10. (a) Explain the application of Psychology in Public organizations.

[OR]

(b) Explain the application of Psychology in Non-governmental organizations.

11. (a) Explain any two applied branches of Psychology.

[OR]

(b) Explain the application of Psychology in the field of sports.

Nizam College (Autonomous)
Faculty of Social Sciences
B.A., II Year, III-Semester Examinations, December-2023
Subject: Psychology
Paper : III (Social Psychology)

Time: 3 Hrs

Max. Marks: 80

[6 x 5 = 30]

1. Field Study and experimental method.
2. Errors in attribution.
3. Techniques of impression management.
4. Nature of communication.
5. Balance Theory.
6. Origin of prejudice.
7. Moral integrity and hypocrisy.
8. Type A & Type B.
9. Group conformity and compliance.
10. Assimilation & alienation.

Section – BII. *Answer the following questions.*

[5 x 10 = 50]

11. (a) Define Communication. Explain the various patterns of Communications.
[OR]
(b) Write a brief note on Johns and Davis correspondent inference theory of attribution.
12. (a) Explain how social learning theory is used to form attitudes.
[OR]
(b) Explain Osgood and Tannenbaum's semantic differential Scale for measuring attitudes.
13. (a) Mention the concept of bystander's effect with examples.
[OR]
(b) Write the Emotional factors influencing prosocial behavior.
14. (a) What are the social determinants of human aggression?
[OR]
(b) Write an essay on group and individual performance.
15. (a) Explain major cultural variables in Indian context.
[OR]
(b) What are the different psycho-social effects of migration?

Nizam College (Autonomous)
Faculty of Social Sciences
B.A., II Year, III-Semester Examinations, December-2023
Subject: Psychology
Paper : III (Applications Of Psychology In Professional Settings (SEC-2))

Time: 2 Hrs

Max. Marks: 40

Section – A

I. Answer any FOUR of the following questions.

[4 x 4 = 16]

1. What is psychotherapy?
2. Differentiate between applied and pure psychology.
3. Differentiate between sociology and social psychology.
4. Is mind reading an established psychological procedure?
5. Differentiate between criminology and criminal psychology.
6. Are emotions and feelings similar terms or are they different?
7. How is one's thinking, and emotional experiences related?
8. What is the biggest misconception surrounding psychology and why?

Section – B

II. Answer the following questions.

[3 x 8 = 24]

9. (a) Explain in detail the various goals of psychology.

[OR]

(b) What are the primary characteristics of human behaviour?

10. (a) Which branch of psychology is the most important to you? Discuss.

[OR]

(b) What are the applications of psychology in legal and forensic institutions?

11. (a) Discuss the relevance of psychology in the educational setting in post COVID19 pandemic times.

[OR]

(b) Why do defense institutions hire the services of psychologists? How are mental health practitioners relevant to this field?

Nizam College (Autonomous)
Faculty Of Social Sciences

Section – A

I. Answer any SIX of the following questions.

[6 x 5 = 30]

1. Discuss the relevance of qualitative research in child psychology.
2. Mention the various development tasks associated with infancy.
3. What are reflexes? Explain various types of reflexes briefly.
4. Differentiate between growth and development with relevant examples.
5. What is Language? Explain various components of language briefly.
6. What is pre-operational stage of cognitive development?
7. Explain Emergence of self and its development.
8. Discuss the limitations of Piaget's moral development theory briefly.
9. Differentiate between accommodation and assimilation.
10. Prenatal development and the environmental effects on Child Development.

Section – B

II. Answer the following questions.

[5 x 10 = 50]

11. (a) Explain various quantitative methods of research used to study child psychology in detail.
[OR]
(b) Elaborate on the influence of heredity on children's development.
12. (a) Discuss the various aspects of the germinal stage of prenatal development.
[OR]
(b) Explain in detail the various factors affecting the physical growth of children.
13. (a) Explain in detail Chomsky's theory of language development.
[OR]
(b) Compare and contrast Piaget's and Vygotsky's theory of cognitive development.
14. (a) Explain in detail Kohlberg's theory of moral development.
[OR]
(b) Elaborate on the various aspects of socio-emotional development of children.
15. (a) Explain the effect of media and schooling on Child Development.
[OR]
(b) Explain the family and peers effect on Child Development.

Nizam College (Autonomous)
Faculty of Social Sciences
B.A., III Year, V-Semester Examinations, December-2023
Subject: Psychology
Paper : V (B) (Educational Psychology)

Time: 3 Hrs

Max. Marks: 80

Section – A

I. Answer any SIX of the following questions.

[6 x 5 = 30]

1. What is the role of language diversity in the classroom, and how can educators support language learners and promote language development while fostering a supportive learning environment for all students?
2. Explain the role of planning and monitoring to maintain student motivation.
3. What is cognitive apprenticeship?
4. Give a detailed note on effective nonverbal communication.
5. Write about intellectual disabilities.
6. Explain how transitions management can prevent classroom problems.
7. How does conflict management help in effective learning?
8. How can teachers effectively address and manage conflict or disruptive behaviors in classroom.
9. What are creative forms of thinking associated with classroom learning?
10. Can you discuss the importance of effective learning objectives when planning instructions for students?

Section – B

II. Answer the following questions.

[5 x 10 = 50]

11. (a) Define Educational psychology. Explain the nature and scope of educational psychology in detail.
[OR]
(b) Discuss the role of self-efficacy in influencing students' motivation and academic performance, and what strategies can educators use to promote a sense of self-efficacy among students?
12. (a) Give a detailed note on communication styles in classroom.
[OR]
(b) Discuss the responsibilities of teachers for students with disabilities.
13. (a) How teachers can structure small group work.

[OR]
